THAT PESTIE CHICK PTY LTD

Pest Control Services & Pricing Guide

A general comparison guide - because every property and pest problem is different.

Our treatments are tailored to the property, pest activity, access, treatment requirements and the needs of each customer. The prices in this guide are indicative residential prices to help you compare common services. Final pricing may vary where the property, access, pest activity or required treatment falls outside the standard service described.

Residential Pest Control

General Pest Treatment - Single Storey	Up to 3 bedrooms. General treatment for common household pests including spiders, cockroaches and other general pests.	**$220**
General Pest Treatment - Double Storey	Double-storey home up to 5 bedrooms. General treatment for common household pests.	**$270**
Larger Homes	Homes over 5 bedrooms or larger properties. Final price may vary depending on size, access and treatment requirements.	**From $300**
End of Lease Flea Treatment	General end-of-lease flea treatment. Additional requirements may apply depending on property size or infestation level.	**$180**
Rodent Treatment	Rodent treatment including baiting. Treatment requirements may vary depending on activity, access and property conditions.	**$220**
Termite Services	Termite inspections, treatments, monitoring and termite management systems are assessed individually.	**Quote Required**
Commercial, Strata & Construction	Tailored pricing based on property type, scope of works, service frequency, site requirements and project specifications.	**Quote Required**

Combine services and save time

Need more than one treatment? Many suitable services can be combined into a tailored bundle, which may save you time and money compared with booking them separately. **Call or enquire for an exact package price based on what your property needs.**

Important Pricing Information

All advertised residential prices in this guide include GST. Prices are a general guide only and are not a fixed quotation for every property. Final pricing may vary depending on property size, access, pest activity, infestation level, treatment method and additional

areas or services requested. Commercial, strata, construction and termite services are quoted individually. We aim to confirm pricing before work begins so you know what is included.

Need an exact price for your property?

Contact That Pestie Chick with your property details and the pest issues you are experiencing and we can recommend a suitable service or package.
